

Alelouia

Baby
Come on stop messing around
I know what you want but babe it's impossible on my side

Honey
Let me get away from you
I don't need you lady stop treating me like a fool

You're only 17
Come on baby
Where are you really been

Don't wanna be your friend
(I don't want it yeah)
Don't come back again
(Don't come back again)
No I don't want it
Wanna go miles away from you

If you go everywhere I go
Gonna bring you back to your mother's home
Don't say that I never told you so
Or I'm gonna shake your soul

Baby
Now you gotta get off my back
You even mess around with my friend, why don't you give me some slack

Honey
You are like a grain of sand
And you're no easier than any ocean I've never crossed

You're only 17
Come on baby
Where are you really been

Don't wanna be your friend
(I don't want it yeah)
Don't come back again
(Don't come back again)
No I don't want it
Wanna go miles away from you

If you go everywhere I go
Gonna bring you back to your mother's home
Don't say that I never told you so
Or I'm gonna drop you like a stone
