

Come on Devil

Chorus

Come on devil, I want to sell you my soul
Hey hey devil, don't you wanna get my soul?

1er verse

You're my tutor, my friend
Together we'll make pain never end
I'm gonna get myself crucified
And then the world won't be purified

Chorus

Come on devil, I want to sell you my soul
Hey hey devil, don't you wanna get my soul?

2em verse

Hell too late, lack of chance
Some years ago a guy took my stands
I gotta dig the earth to make you come up
Or drink a bier dammed who gives a fuck
