

# Fuck Lenny

## *Intro*

Piggy not in my name  
You did something just horrible  
I'm not the kind of man  
You just can turn to ridicule

## *1er verse*

I've never met a girl like you before  
I want you by my side,  
It's ok? It's all right ? Baby

You seem so good I can't stop to look you girl  
Your sexy groovy eyes  
Surely could kill the DJ

## *Bridge*

But I'm not the only one who gets  
The vibes you send around, round and round  
And I'm not the only one you send  
The promises of lust, and paradise yeah

## *Chorus*

You just carry on but  
I never want to go alone  
I just want to sing my song  
You just lead me on  
I don't want to wait too long  
Just want you to sing my song

## *2eme verse*

Gets hot in here my lady when you're moving  
Shaking all the night  
Dancing like a witch in fire

You can't stop the swinging and the music  
Spread the fever through the night  
And you rock your body

## *Bridge*

But I'm not the only one who gets  
The vibes you send around, round and round  
And I'm not the only one you send  
The promises of lust, and paradise ye

## *Chorus 2x*
