

Rock'n'rolling around

1er verse

Remember the days when I was seventeen
I'd like you to tell me, hey my love
Remember the people laughing and mocking
When I said I wanted to play music all my life

Chorus

Rock'n'rolling around with roses

Hey come on

2eme verse

Nobody can change my direction
I can tell you Miss, I stay on course
I got to rock and roll all of the time
I got to keep the pace, and leave a trace

Chorus

Rock'n'rolling around with roses

3eme verse

Remember the days when I was seventeen
I'd like you to tell me, hey my love
It is not just a gig, it is my life
I don't make believe, it's real

Chorus

Rock'n'rolling around with roses

This is pure rock-n-roll man, you know what I mean
Move over rover, and let Lou Dee take over
